x and y labels rotated by 45 degrees with no strip background
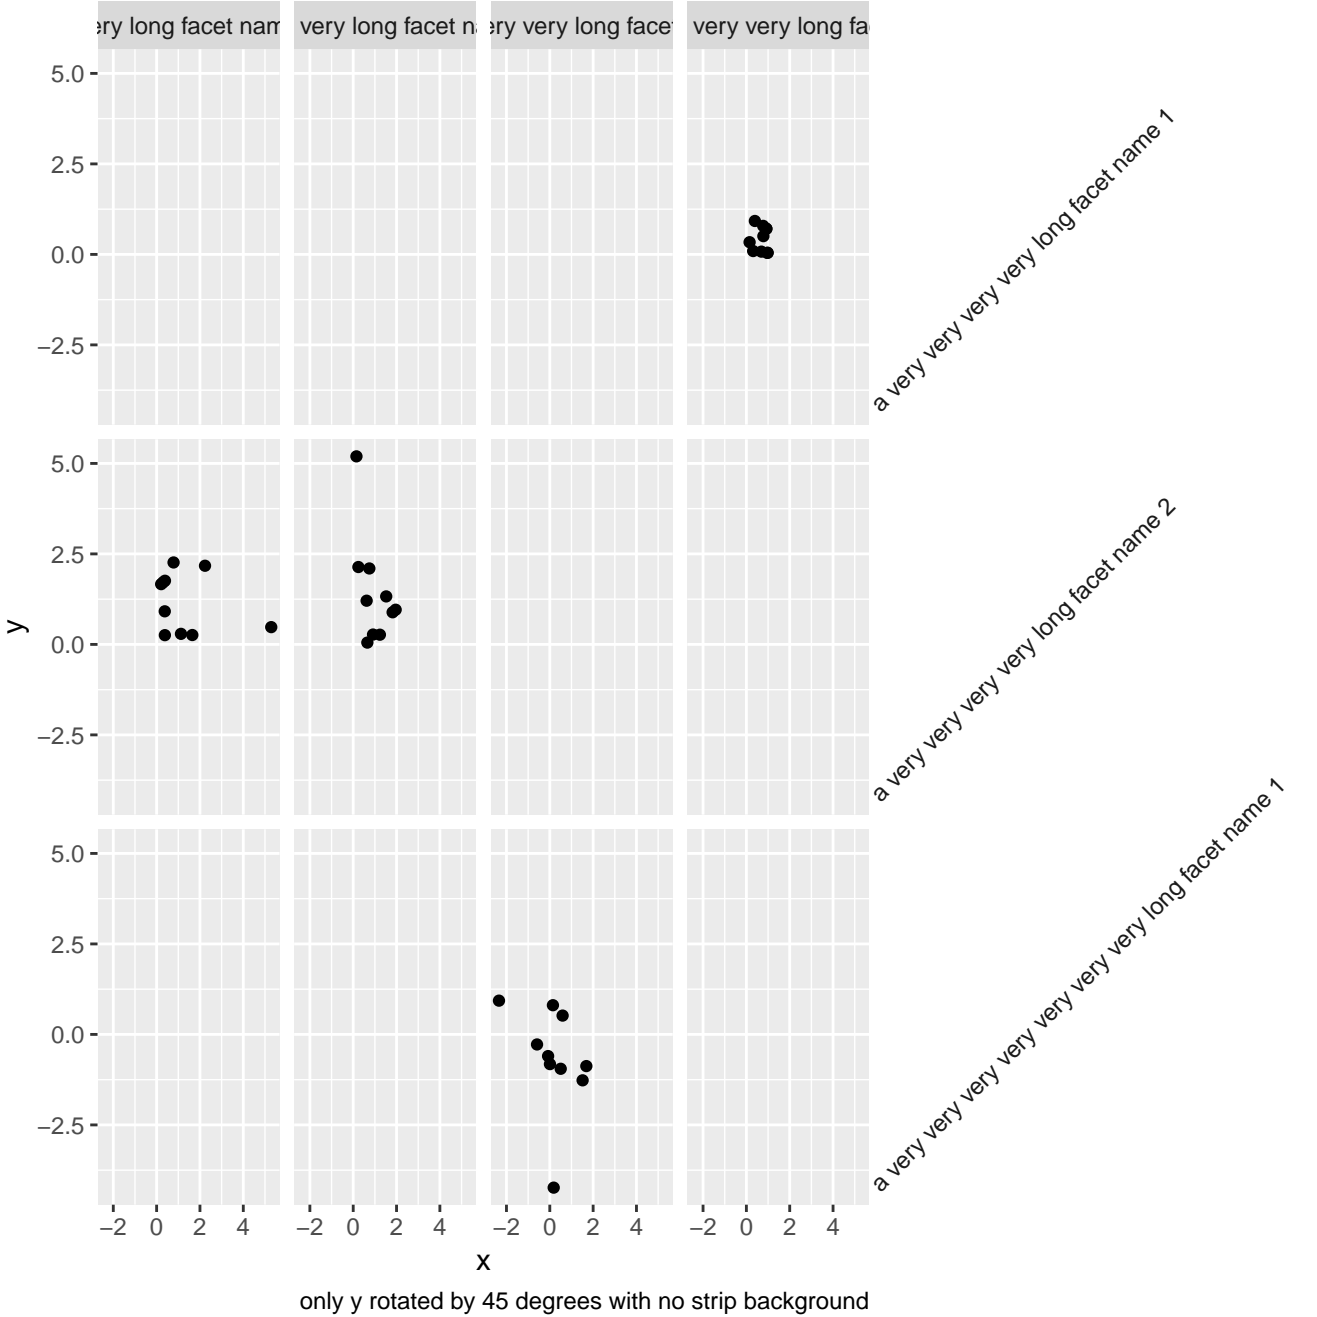

x and y labels rotated by 45 degrees with no strip background

only x rotated by 45 degrees (default) with no strip background

only x rotated by 45 degrees with no strip background (lack of clip on left is not our fault ggplot2 #2772...)
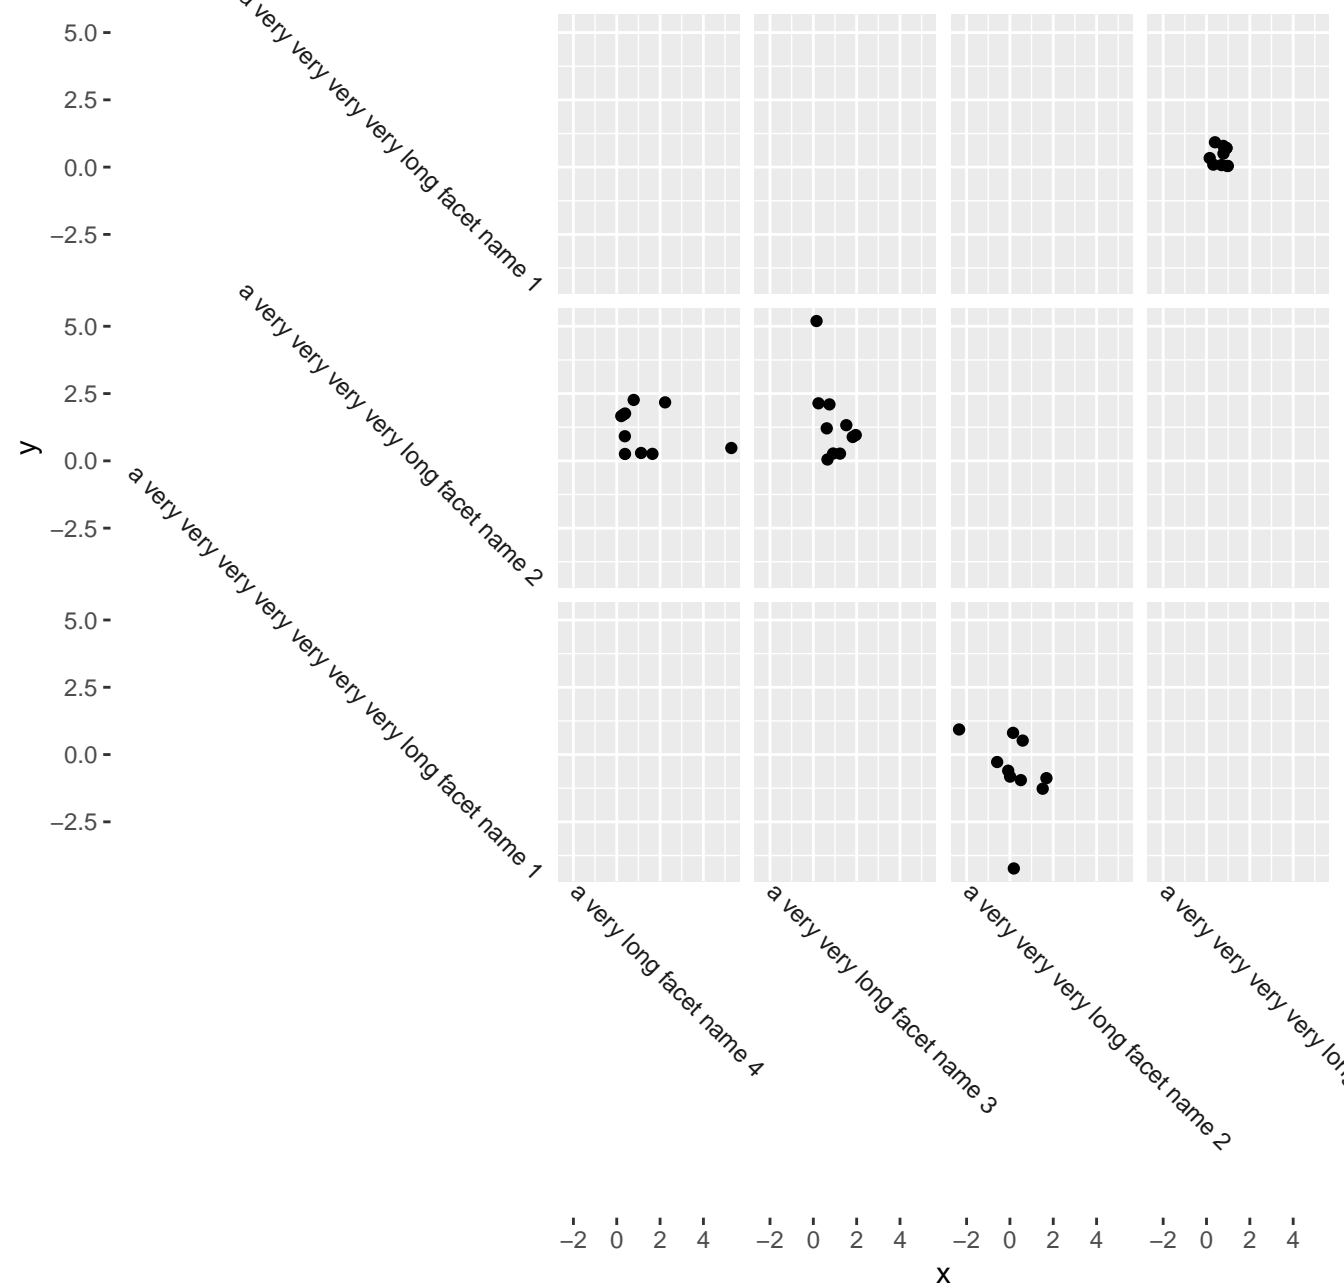

only y rotated by 45 degrees with no strip background

only y rotated by 45 degrees with no strip background

rotated by −45 degrees in both directions (text base should align to top/right of plot)
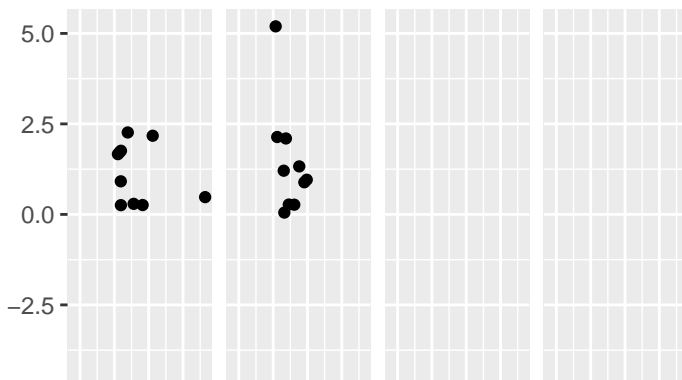

labels rotated by −45 degrees in both directions (text base should align to top/right of plot)
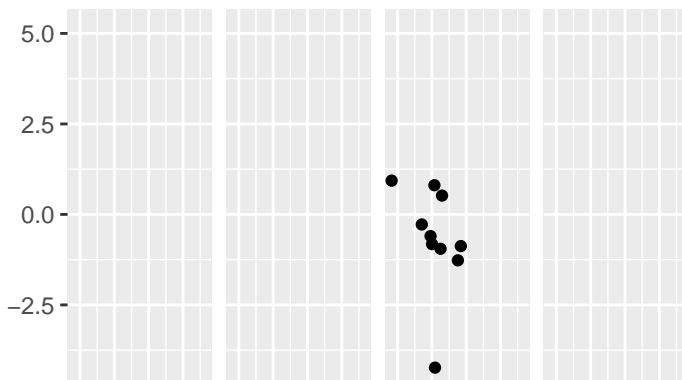

a very long facet name 4 / a very long facet name 3 / a very long facet name 2 / a very long facet name 1
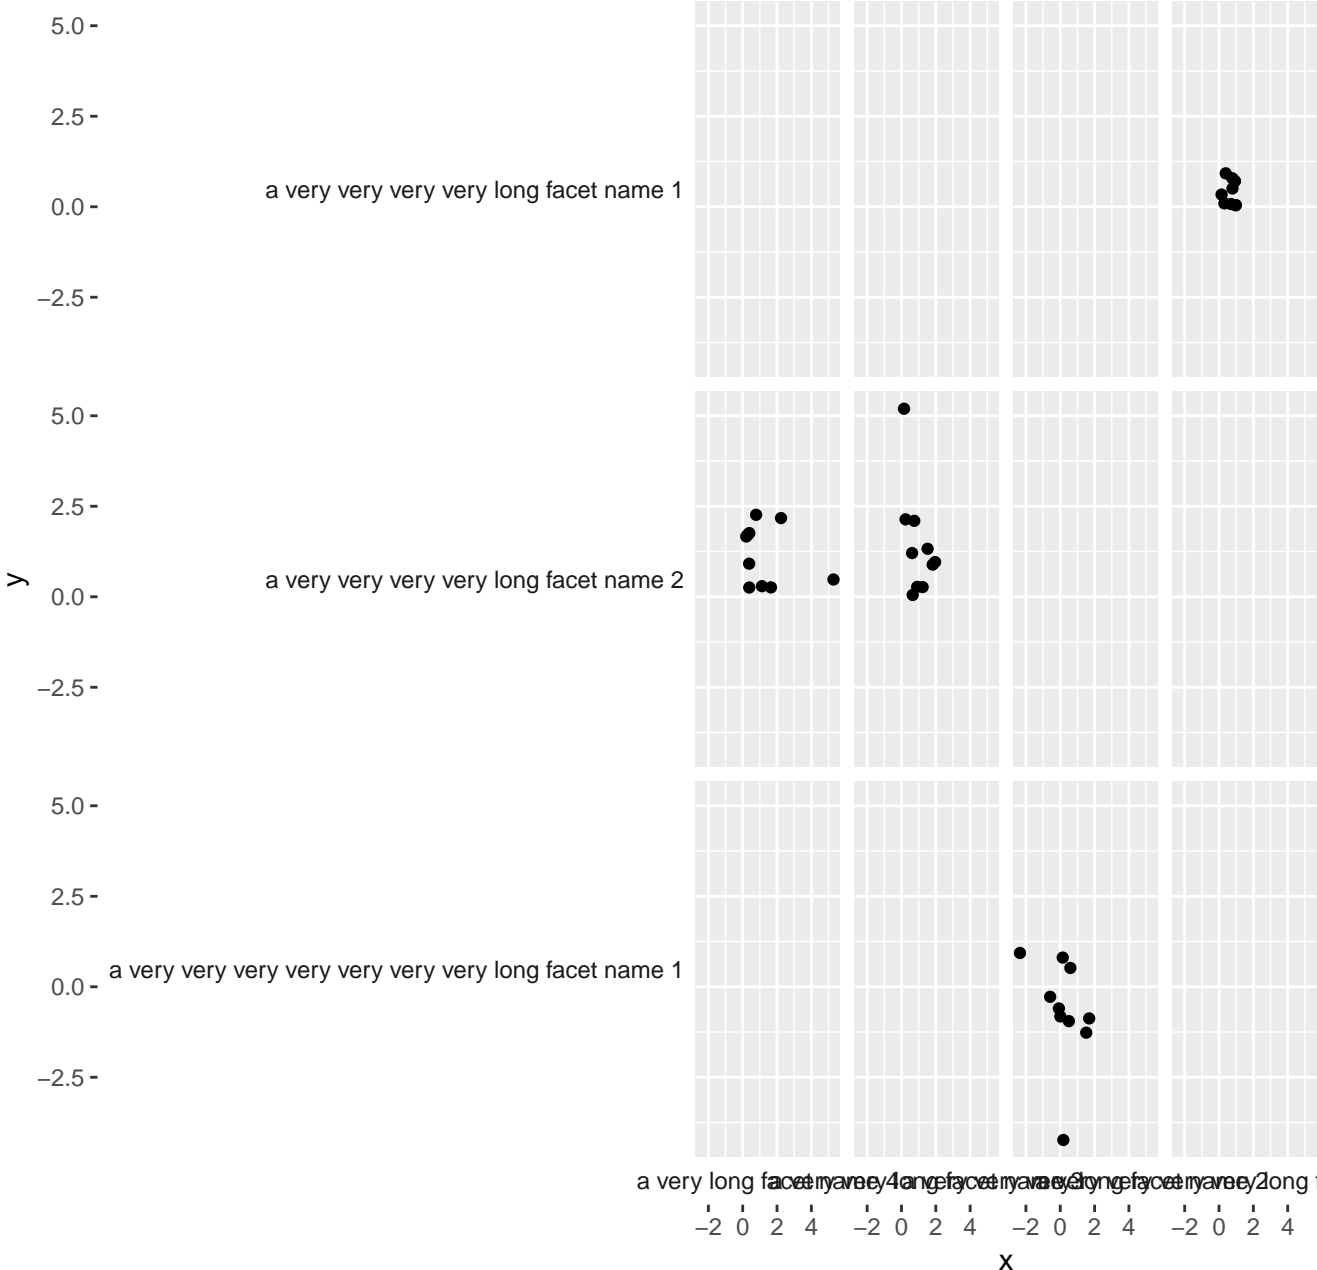

a very very very very long facet name 1
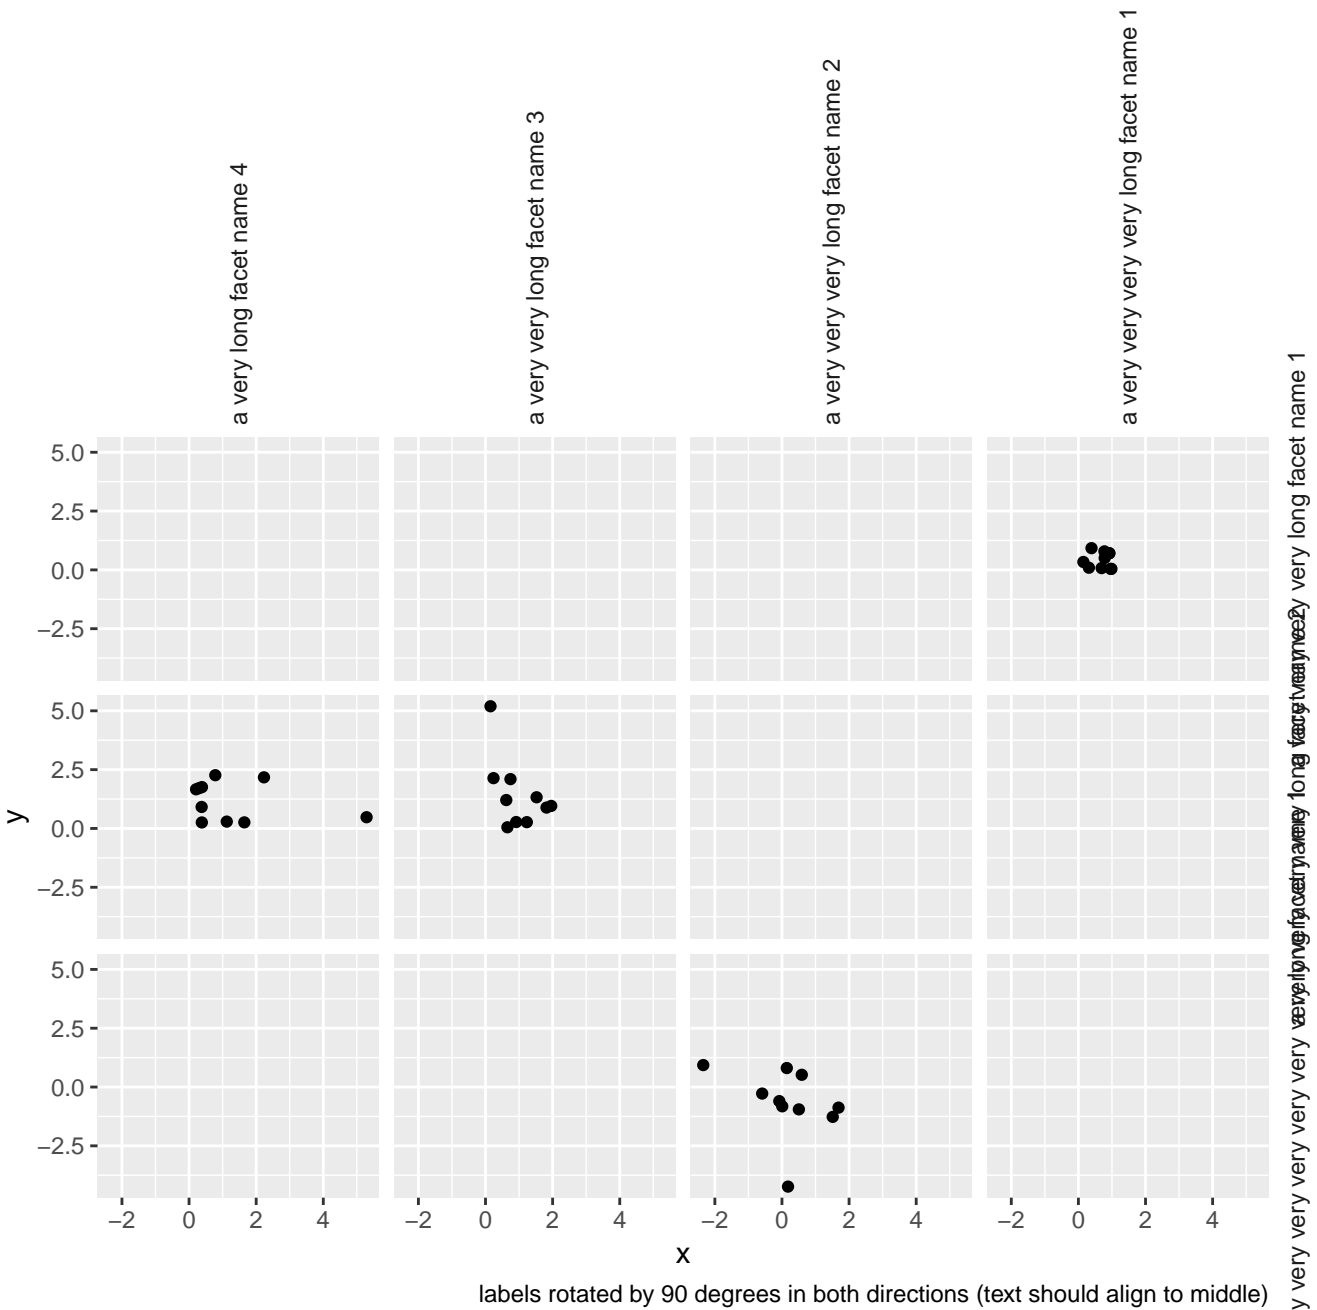

a very very very very long facet name 2

a very very very very very very very long facet name 1

Labels rotated by 0 degrees in both directions (text should align to middle)

labels rotated by 0 degrees in both directions (text should align to middle)

labels rotated by 90 degrees in both directions (text should align to middle)

labels rotated by 90 degrees in both directions (text should align to middle)

a very long facet name 4

a very very long facet name 3

a very very very long facet name 2

a very very very very long facet name 1

a very very very very very long facet name 1

y

x

labels rotated by −90 degrees in both directions (text should align to middle)

labels rotated by −90 degrees in both directions (text should align to middle)
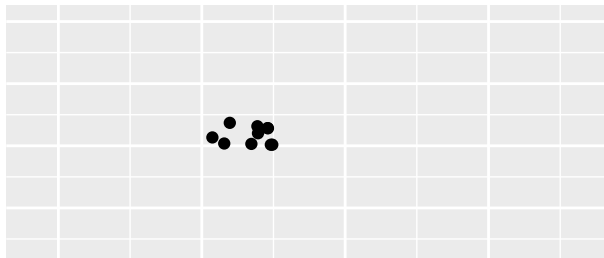

a very long facet name 4

a very very long facet name 3

a very very very long facet name 2
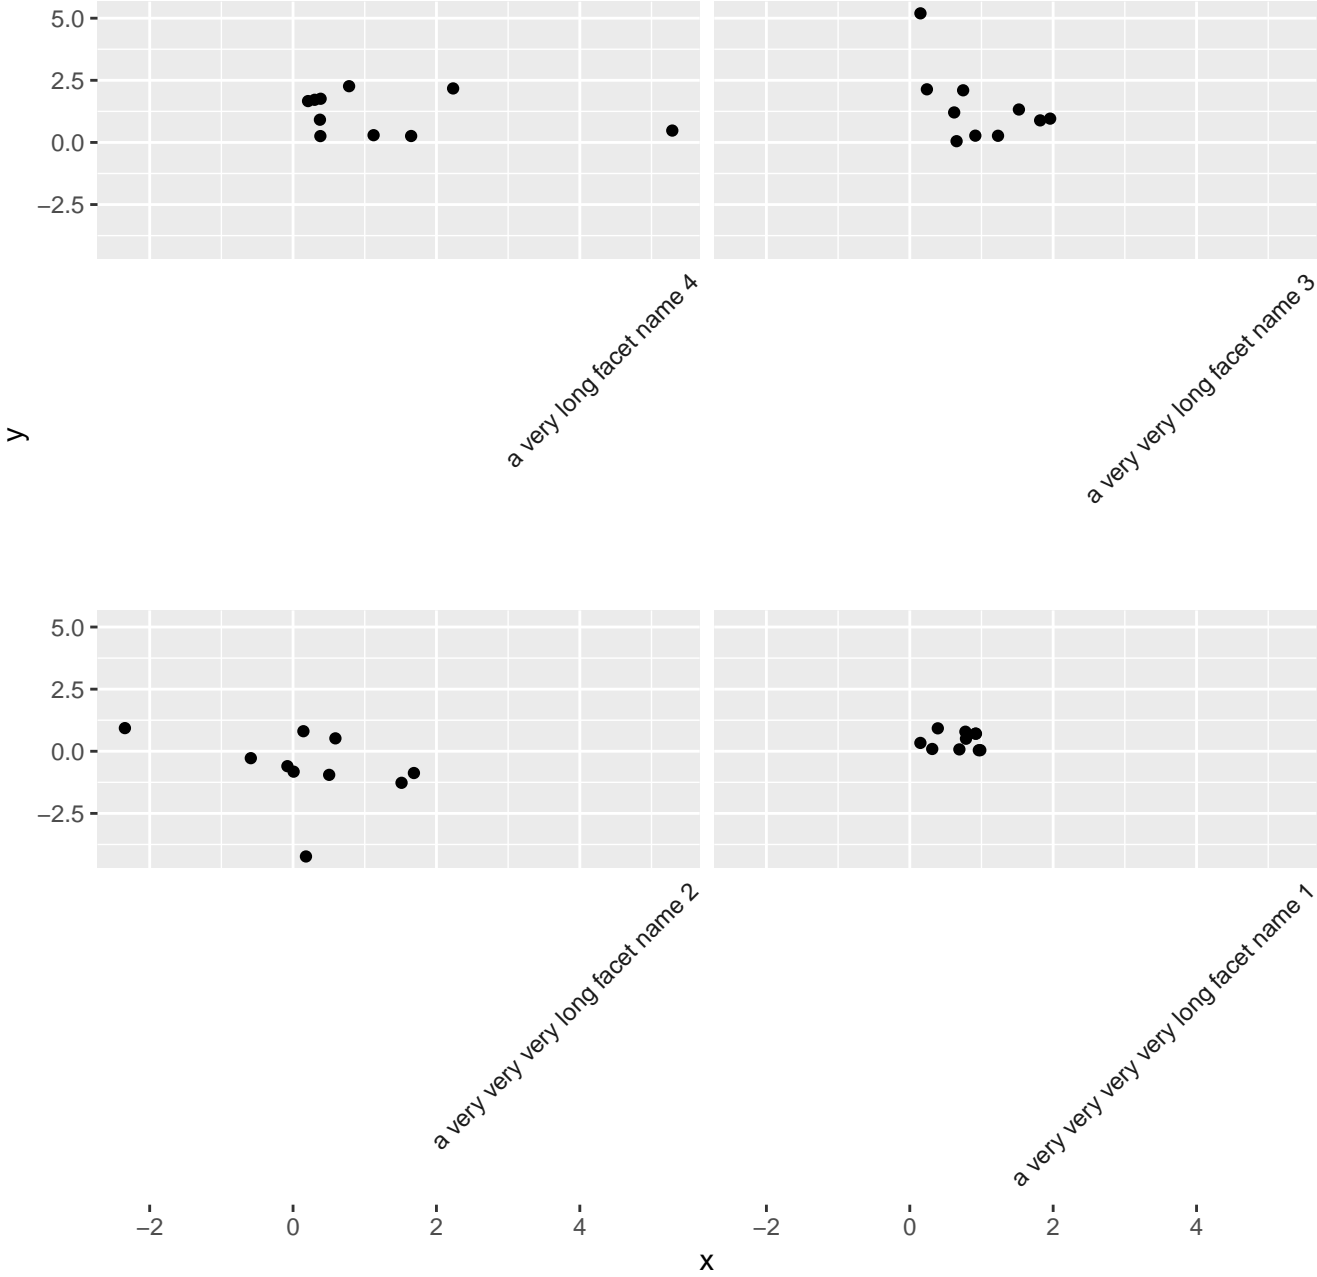

a very very very very long facet name 1

y

x

facet_wrap with top labels, 45 degree rotation

facet_wrap with left labels, 45 degree rotation
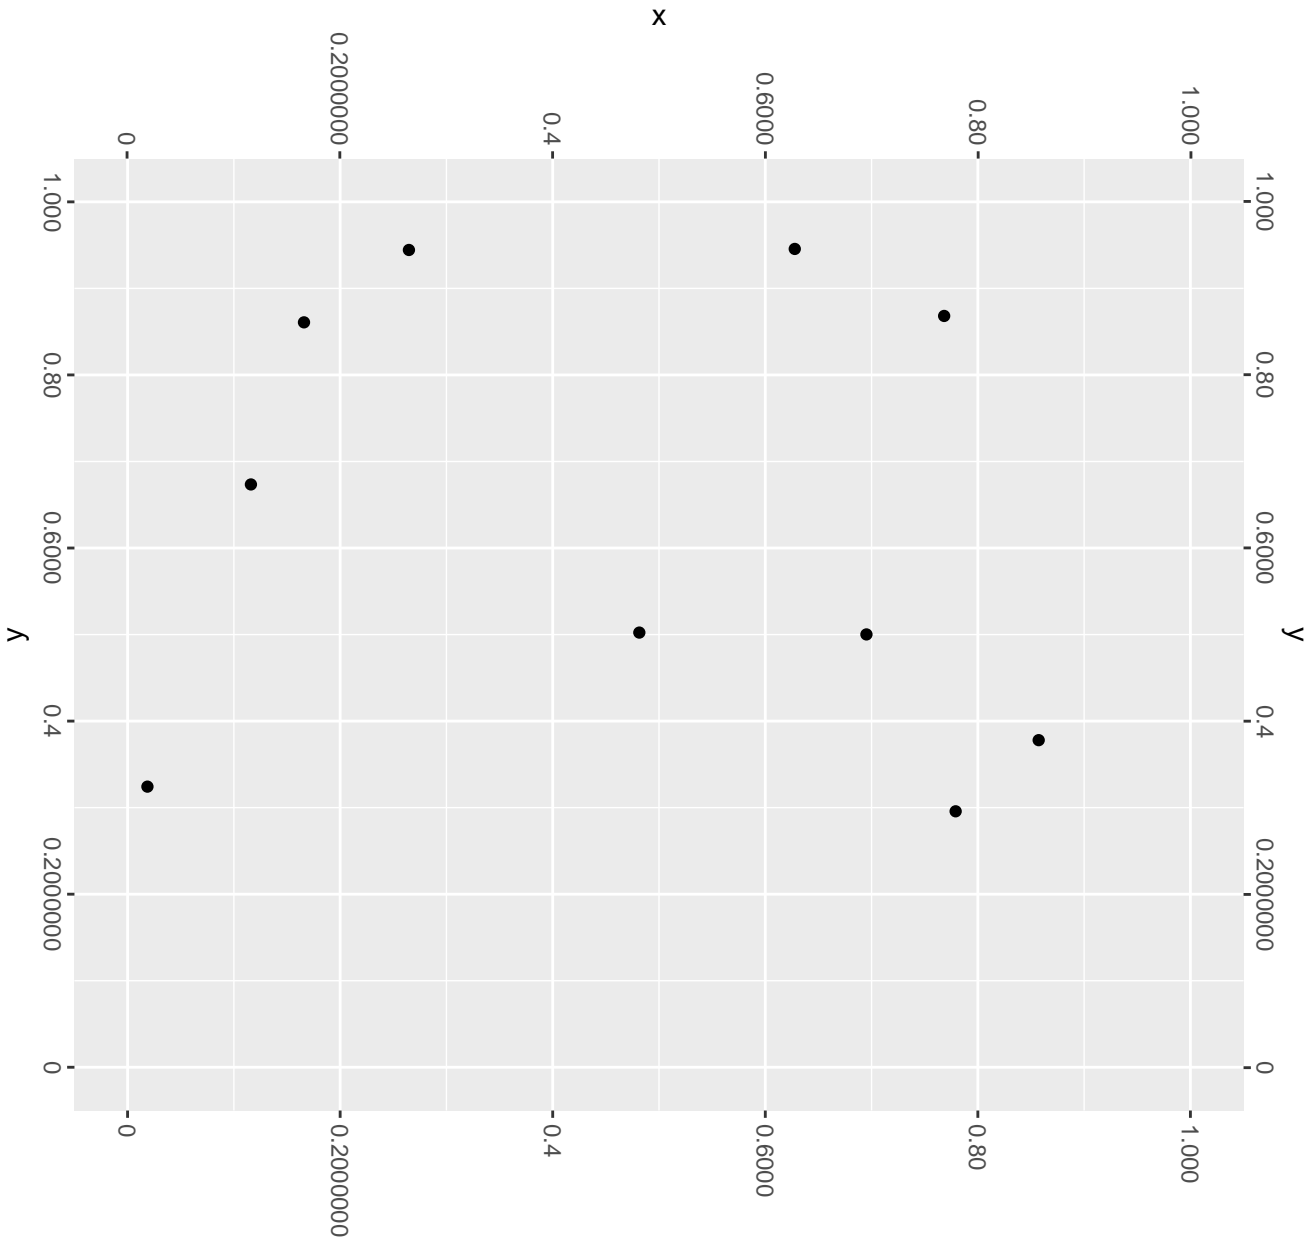

facet_wrap with bottom labels, 45 degree rotation
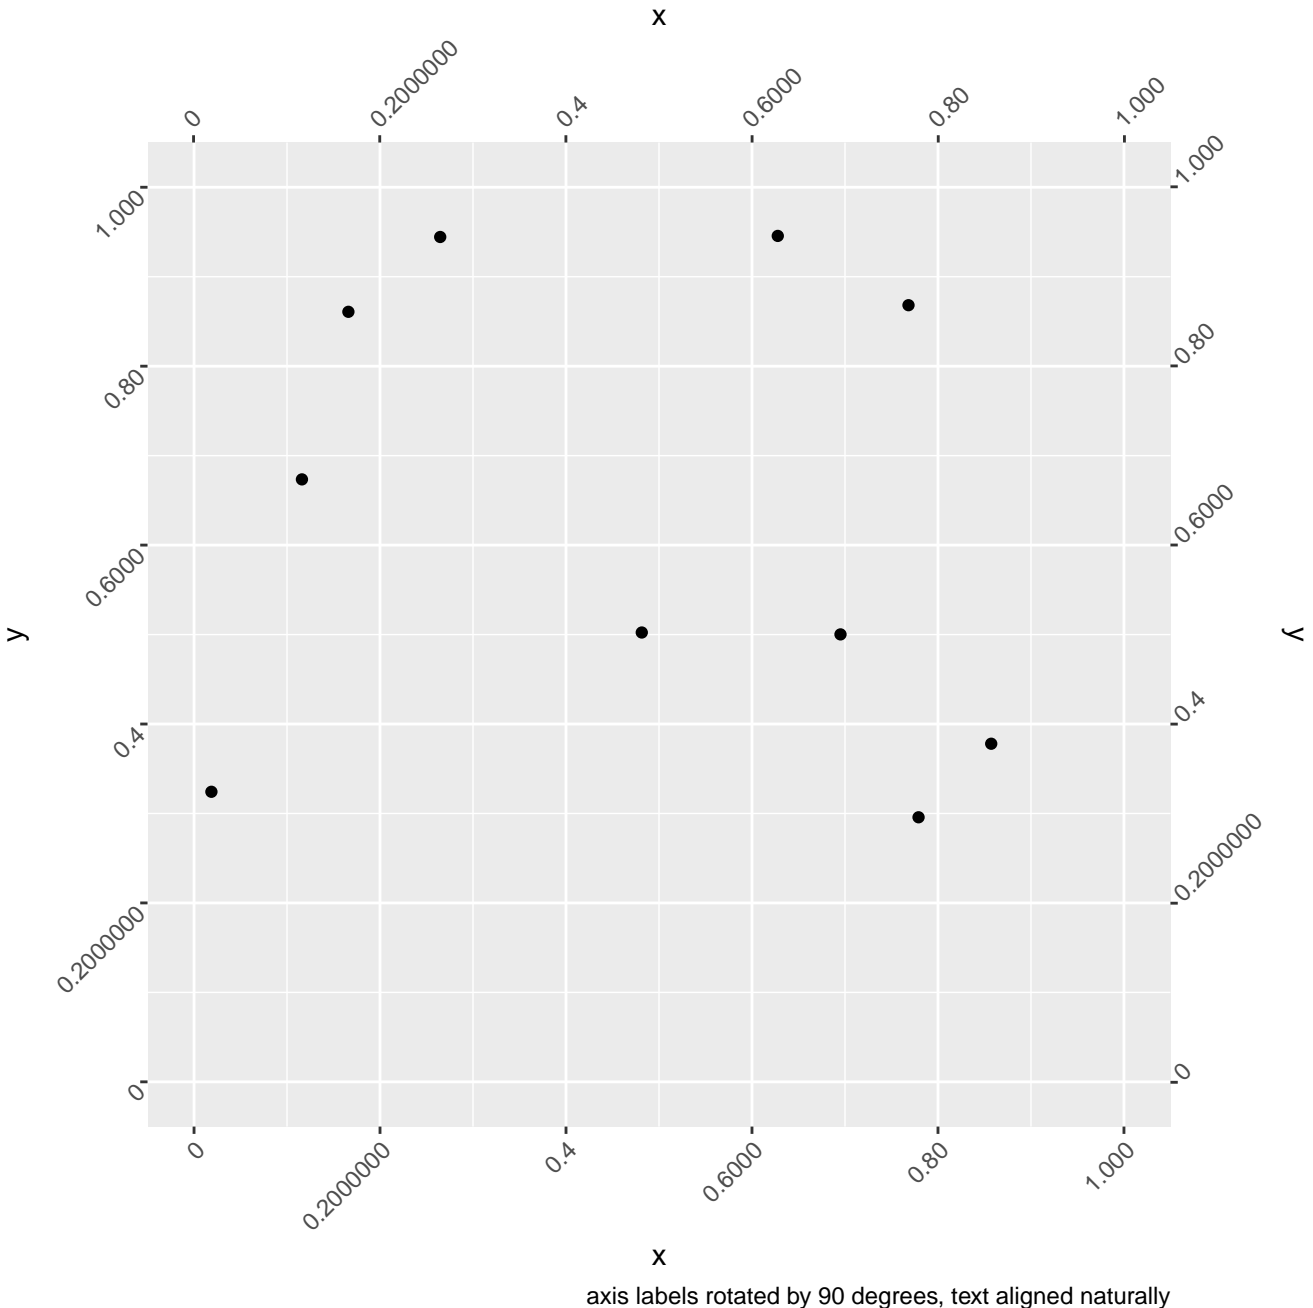

facet_wrap with right labels, 45 degree rotation

axis labels rotated by 0 degrees, text aligned naturally

axis labels rotated by 90 degrees, text aligned naturally

axis labels rotated by 90 degrees, text aligned naturally

axis labels rotated by 90 degrees, text aligned naturally

axis labels rotated by 90 degrees, text aligned naturally
